About Department of Education, Magadh University

Magadh University, a state University was established on 1st March, 1962 included under section 2(f) & 12(b) of the UGC act 1956. It is the largest University of Bihar situated in a sprawling Campus of 460 Acres Of Land enjoying the spiritual breeze of the Bodhi Tree which enlightened Lord Buddha. Dr. Sarvapalli Racha Krishnan, the then President of India laid the foundation of this University. Dr. K.K. Dutta, renowned Historian was the Founder Vice- Chancellor of this University. Both-Gaya, a sacred place of pilgrimage, a unique centre of Buddhist learning and the ancient seat of Vaishnava as well as symbol of enlightenment, sublimity and compassion, is the headquarter of Magadh University. Now Magadh University has 24 Post Graduate Departments, 44 Constituent Colleges and 85 affiliated colleges.

Education Department is one among them, having B.Ed. & Ph.D. programs. It was established in 2007 with the permission of state Govt of Bihar & Chancellor's Secretariat (Raj Bhawan). The regulation of the programs has been prepared and finalised by the statutory bodies of the University and approved by the Inter university board (Bihar) and assented to his excellency the Governor -cum- Chancellor of universities of Bihar.

Department of Education, Magadh University, Both Gaya is imparting teaching - learning and facilitating research work since 2007-08 academic session. The Department is marching ahead in the stewardship of Dean, faculty of Education Dr. Israil Khan and is well equipped with Hi-tech class rooms, Different Labs, Seminar Hall, Conference room, enriched library with reading room, & ICT lab. contributes to a state of art infrastructure transforming the department in an international site of facilitating and constructing knowledge

Rationale for the National Level Seminar on Excellence in Education

Our country India has a glorious past having shadiest present and aiming at brightest future. It is so large country which has 702 Universities and 35,539 Colleges having 13% gross enrolment ratio. To achieve 25% enrolment ratio it needs more 500 universities and 35000 colleges to

become competitive in the sphere of higher education (UGC guidelines for training and development of academic administrators in HEIs 2010). But this increase in number cannot fulfil the goals of nation due to lack of excellence. Hence our performance in education is not up to the mark in comparison to other countries like China, Japan, Singapore, Switzerland, Canada, USA, U.K. etc. It has been already proved in various surveys. This figure has been highlighted in various journals.

The important reason for our lagging behind is the number of research papers published by our institutions and universities. Our research has length and breadth but no depth in comparison to the above countries India has moved from 15th rank in 2003 to 9th rank in 2010. The citation index per faculty was 38.2 for HT-Bombay, 40.2 for IIT Madras 57.2 for IIT Kharagpur. It shows a severe shortfall in the number of research papers published by Indian faculties, whereas Harvard and MIT were rated at 100 and 99.3 respectively.

It is also seen that some of the private institutions are poorly designed having low quality output. Along with this we can think about our learning foundation i.e. primary education. The proportion of class V children who were able to read a class II text book was 53.7% in 2010 and declined further to 48.2% in 2011. The proportion of class III students able to do single subtraction sums declined during this period. Similarly from 36.3% to 29.9% in the rural areas. This position was very alarming. The number of boys who could do subtraction at class III level was only 23.2%. Boys and girls who could read a class II textbook fully was 18.8% of class III students (ASER, 2011). In this situation excellence in education is an exclamation. If we can't make excellence in primary education then how do we hope for excellence in higher education!

Excellence! Excellence! Excellence! It has several dimensions. Here question arises in mind "whether we are creative in our work? whether we apply our imagination? whether we are accountable to our work? Do we apply innovative ideas? Do we follow trustfulness? The answer will be a little. Then where is excellence?

We have glorious past regarding Excellence. It is a culture. Would we think about the excellence of Lord Buddha, Swami Dayanand, Sri Aurbindo,

Swami Vivekanand, Mahatma Gandhi, Dr. Allama Iqbal and others! We can get inspiration from industriousness of China and flourishing of Japan.

In this place we should remember the message of Martin Luther King Jr. "If a man is called to be a street sweeper, he should sweep as a Micheal Angelo the painter or Beethoven who composed music or Shakespeare who wrote poetry. He should sweep street so well that all the hosts of heaven and earth will pause to say, here lived a great street sweeper who did this job well."

According to Sri Aurbindo, "One drop of practice is greater than one ocean of theories, advises and good resolution." If we consider this approach in education, it is sure we can build excellent education, excellent society and excellent nation. Keeping this objective the proposed seminar is being organised. Shall we be working for this Excellence!!!

Invitation for Papers

Original scholarly papers are invited from teachers / scholars / educationists across the country.

The Participants are requested to send an abstract of the paper in about 200 words and full paper about 3000 to 4000 words. The paper should be typed preferably in MS-Word, Times New Roman, Kruti Dev 010 (Hindi) 1.5 line spacing. The paper must be sent through e-mail. The hard copy of the paper must be sent along with the registration form to the organising secretary by 20th March 2014. The selected papers will be published by Dept. of Education, Magadh University.

Objective

- To familiarize with the various concepts of excellence in education.
- To train the teachers/scholars about different innovative approaches of excellence in education.
- To make them understand the technical perspectives of excellence in education.
- To enable them understand the role of innovative ideas in excellent education.
- To train them to imply the parameters of excellence in education.
- To share wiser views of eminent educationist and scholars regarding excellence in education

Thrust Areas

- Higher Education
- Distance Education
- Digital Education
- Women Education
- Special Education
- Vocational Education
- Teacher Education
- Professional Education
- Physical Education
- Management Education
- Technical Education

Programme Schedule

26th March, 2014

- 09:30 A.M.-10:30 A.M. – Registration
- 10:30 A.M.-11:30 A.M. – Inaugural session
- Felicitation of Guests
- Welcome address by the organizing secretary
- Presidential address by Dean
- Guest Address (Hon'ble VC)
- Keynote address by the guest
- 11:30 A.M.-12:00 Noon – Tea break
- 12:00 - 01:00 P.M. – Plenary session (1)
- 01:15 P.M.-02:30 P.M. – Lunch break
- 02:30 P.M.-04:30 P.M. – Parallel paper presentation

27th March, 2014

- 10:00 A.M.-10:15 A.M. – Tea & Snacks
- 10:15 A.M.-11:15 A.M. – Plenary session (2)
- 11:15 A.M. -12:00 – Plenary session (3)
- 12:00 - 01:30 P.M. – Parallel paper presentation
- 01:30 P.M. - 02:30 P.M. – Lunch
- 02:30 P.M.-3:15 P.M. – Presentation of report by all group Coordinators.
- 03:15 P.M. - 04:00 P.M. – Valedictory function
- 04:00 P.M.- 04:30 P.M. – Distribution of certificates

Votes of Thanks

Registration Fee

- Teachers/ Professors/other - 1000/-
- Research scholars - 700/-
- Local Student-teachers - 500/-

Note : For residence facility Rs. 200/- per day will have to be paid.

The above amount is to be submitted by DD/Multicity Cheque / Account Deposit in favour of Seminar Fund, Dept. of Education, Magadh University, BodhGaya, payable at BodhGaya. For electronic transfer IFSC Code : CBIN0280045, A/c. No. 3318331363 Central Bank of India, BodhGaya (Bihar).
